Website Development Cost

PRODUCT	DURATION	PROJECT COST
Website Development	10 days	$300
Domain + Hosting	1 day	Purchased by client
Content Writting		0.2 $/WORD

Payment Milestones :

Milestone 1 :	40% Initial Payment
Milestone 2 :	30% After Backend and Database design
Milestone 3 :	30% Project completed

Note:

The presented estimate encompasses costs associated exclusively with the website development process. If you have any supplementary needs or customizations that extend beyond the scope of the current project specifications, these can certainly be addressed. However, please note that they will be considered as additional services and will be billed separately.
